

ALMEX TICFAK 4000-8

This is another Pay and Display car park machine adapted to issue travel tickets. The first machine installed at Marston Green issued tickets only to Birmingham New Street. It had 6 buttons to select the ticket type - adult or child, Single, Return or Off-peak. The machine printed one row of text in large dots showing date, time, fare, machine number and ticket type. The reverse gave an explanation of the codes used for the ticket type. Later machines issued tickets to a range of stations. The machine printed detail was altered to show the date, issuing and destination stations shown as a three letter code, ticket type and price. Unusually, the ticket number was repeated on the reverse.

All machines have now been removed.

STATION	M/c.No.	CODE	DATE	
ALTRINCHAM	-		-88	
LIVERPOOL CENTRAL	-	LVC	-87	
MARSTON GREEN	M1	-	-85	
MILLS HILL	-	MHL	-87	Removed -06-90, replaced by Almex AS-88
SALE	-	SLE	-87	Moved to ALTRINCHAM
WATERLOO (MERSEYSIDE)	-
