

APTIS 2000

This was a development of APTIS. APTIS machines had been modified to include a flat screen monitor display. Tickets were identical to normal APTIS tickets except that the regional letter was omitted and window numbers now commenced at 30. Only two locations had the machines which have now reverted to standard APTIS machines.

5355 EAST CROYDON	30*	
1826 NOTTINGHAM	32*	Sample ticket seen from 15
