

BRIERLEY HILL MONORAIL

WESTINGHOUSE CUBIC

Opened on 1st June 1991 at the Brierley Hill Shopping Centre near Birmingham. There were four stations, Boulevard, Times Square, Central and Waterfront East. An extension to Waterfront West was planned. However, the monorail has now closed.

Each station had two machines with more located in the malls. They issued a flat fare ticket after the exact fare was inserted. Tickets were 67mm x 30mm with a thin oxide strip on the reverse to operate the inward entry gates to the platform. The machines printed one line of often barely legible text e.g. **045762 290494 03 0040** which showed the ticket number, date, machine number and fare. Due to the illegible text, only the following machine numbers have been identified.

M/c.No. Location

03	TIMES SQUARE
04	TIMES SQUARE
15	?
