

National Location Codes

As APTIS, Tribute and SPORTIS tickets can be issued for journeys starting from any station, the actual station or office of issue is determined by the National Location Code (NLC). The following list includes all the locations where APTIS, Tribute and PORTIS / SPORTIS machines have been used.

Note: This is not a complete list of all NLC's.

The 16 character version of the name is not known.
+ 'On train' or barriers NLC's using SPORTIS.
